

In the Specification:

Please amend paragraph 0078 to read:

In optional step ~~1030~~ 1040, a second interval is delayed. Preferably, the second interval is the same as the first interval. In optional step ~~1040~~ 1050, a third class is presented, the third class being different from the second class. In a preferred embodiment, the third class is also different from the first class.
